

Section: **Headline**

Headline

The headline of a 101wiki page

Description

A headline is a portion of text as follows:

- It is a **one-liner**
- It is **less than 72** characters long
- It starts in **upper case**
- It does **not** end with a "."
- It does **not** constitute a complete sentence.
- Instead, it is a **grammatically abbreviated phrase** as used in captions.
- It may reference 101wiki pages.
